

COVID-19 Advisory for ICAR-NIASM, Baramati

1. Every staff member should have Aarogya Setu app installed on his/her mobile phone.
2. Every person should undergo thermal scanning and vehicles sanitized at entry point.
3. Employee with cough or fever needs to inform office, stay home and seek appropriate medical help. Only asymptomatic staff will be allowed in the campus.
4. Persons from containment zones/quarantine stamped persons should not be allowed entry inside the campus.
5. Officers/Staff residing in containment zone shall not come to office and work from home till containment zone is claimed de-notified.
6. Face mask have to be worn and social distancing to be followed at all times inside the office premises.
7. Hand sanitizing dispensers installed at prominent places to be used as per need. Hand washing in every half an hour is a must to prevent spread of infection.
8. Frequently touched places shall be cleaned frequently with 1% Sodium Hypochlorite. Staff members must clean their personal equipment like keyboards, mouse, phones, AC remotes etc. by themselves by using any ethanol based disinfectant frequently.
9. Field workers should be encouraged to maintain social distance and wear mask. They should wash their hand thoroughly or use sanitizer before handling common farm equipment.
10. Farm equipment should be disinfected frequently before start or end of the work.
11. Mails or other items should be preferably received at main gate thus avoiding unnecessary entry of outsiders in the campus.
12. Visitors should be encouraged for telephonic/email communication than physical visits.
13. Entry of outside persons/guests in the residential quarters for staying to be discouraged. Under unavoidable circumstances, government notified quarantine guidelines to be strictly followed by the guests and visiting employee's family.
14. The COVID-19 advisory/guidelines issued by Government of India from time to time should be followed by all staff members.
